# Congratulations!

Congratulations class of 2011! Whether you are graduating with an Associate degree, transferring to a four-year college or university, or earning a certificate, today is your day and we are very proud of you.

Foothill College prides itself on preparing our students to be global citizens, responsible community members and cultured individuals. All of you have enriched the Foothill College community and the EOPS program with your presence, your talents and your perspectives. Remember, your schooling may stop one day, but your education should never cease. Let's keep going.

While we celebrate your educational success today, we are also careful to remember the families, the communities, the clergy, the mentors, the teachers and others who have helped you achieve your educational dream. We applaud your hard work, your skill and determination and we also recognize that success necessarily involves others. Today is your day, but be sure to share your success with those who helped you along the way – congratulations!

As you continue to strive for excellence, we encourage you to remember EOPS. Remember the book vouchers, the counselors, staff and the community that make up our EOPS program. Remember and advocate, when it is time, to ensure that EOPS will be here for generations to come.

We'll see you at the TOP!
