COUNSELING DIVISION

## STUDENT GUIDE

# WELCOME...

*We look forward to supporting you throughout your college career!*

*Dear Student,*

*Welcome to the Foothill College Counseling Division! We have a team of counselors and staff who are dedicated to providing you quality service in a supportive environment. We care about you and your success at Foothill, both academically and personally. We encourage you to use the many services and resources available in the Testing & Assessment Center, the Counseling Center, the Transfer Center, the Owl Scholars Program, and learning communities such as Puente and Umoja Scholars. It is very important that you meet with a counselor once a quarter to ensure that you are taking the right classes. We also encourage you to enroll in Counseling and Career Life Planning classes to further develop skills needed for your personal and college success.*

*Warm regards,*

*Lan Truong  
Dean of Counseling Division*

# Applying for Admissions

## Welcome!

Foothill College has open admission for all High School graduates and non-graduates 18 years of age or older. Every new or former student must complete and submit an Application for Admission before registering for classes at Foothill College. Foothill College is using Open CCC which is a statewide application system sponsored by the California Community College Chancellors Office. For additional admission information regarding Special Admit Students and High School Dual Enrollment, please visit the following link: [www.foothill.edu/hs/](http://www.foothill.edu/hs/)

### You will need to submit a new admission application if:

- You have never attended Foothill College.
- You are a former Foothill College student, but skipped one quarter (Fall, Winter, Spring), summer is excluded.
- You submitted a Foothill College admissions application but did not register for classes.
- You registered for classes at Foothill College but dropped them prior to the refund deadline.

### After you submit the online application:

- Print the confirmation page.
- You will receive an email, within 2-3 business days containing your Student ID number and other important enrollment information.
- Once you receive your Student ID number, log into your student portal at [www.foothill.edu](http://www.foothill.edu) and click on "MyPortal"
- If you do not receive an email response, please contact the Admissions and Records Office at (650) 949-7325.

### Quarter System

Foothill College is on a quarter system, fall (Sept – December), winter (January-March), spring (April-June) and summer (July-August) The maximum number of allowable units per quarter based on Foothill's policy is 21.5 units. The maximum number of allowable units for Summer Session is 15 units.

# Assessment Testing

## Our Mission...

Foothill Colleges utilizes multiple measures to assess students for Math, English, Chemistry and ESLL. Multiple measures consist of high school transcripts, placement tests and guided self-placement.

### *English*

<b>ENGL 1A</b>	English Composition
<b>ENGL 1A + 246A</b>	English Composition + corequisite
<b>ENGL 1S + ENGL 242A</b>	Integrated Composition & Reading + corequisite

- Students with a High School GPA will complete a *Placement Survey* located on your student portal and be placed into the appropriate English class.
- Students without a High School GPA will be directed to complete the *English Guided Self Placement* located on your student portal and will self-place into the English class.

### *ESLL*

The English as a Second Language assessment test is recommended for non-native English speaker. The test is comprised of listening; reading skills, sentence meaning and language usage. Student might also be prompted to write an essay depending on the results from the previous sections.

- Placement test scores are valid for one year
- Students can retest within six months of earning their initial placement if they have not earned a transcriptable grade in the course sequence that they wish to retest in.
- Review links and study resources located at: [www.foothill.edu/placement/esl.samples.php](http://www.foothill.edu/placement/esl.samples.php)

#### **Assessment Center**

[www.foothill.edu/placement/](http://www.foothill.edu/placement/)

(650) 949-7743

## English for Native Speakers

## English Second Language Learner (ESLL)

**Level 1-2** is highly recommended if test scores indicate placement into NCEL. However, NCEL scores will not prevent a student from registering into Level 3 (see a counselor for details).

## Math

Assessment via Placement Survey or Math Guided Self Placement	
Math 48A	Precalculus I
Math 48B	Precalculus II
Math 48C	Precalculus III
Math 1A	Calculus 1A

- Students with a High School GPA will complete a *Placement Survey* located on your student portal and be placed into a Math course based on High School GPA previous classes taken.
- Students without a High School GPA will be directed to complete the *Math Guided Self Placement* located on your student portal and will self-place into a Math course.

## Chemistry

We also offer an assessment test for students wanting to place directly in Chem 1A without taking the course pre-requisite of Chem 25. Keep in mind that you must also complete Math 105 or have a satisfactory math score (50% or better) to place into Chem 1A.

- Placement test scores are valid for one year
- Students can retake the Chemistry Placement Test one year after the date of the first exam.
- Review links and study resources located at:  
[www.foothill.edu/placement/chem.placement.php#chemprep](http://www.foothill.edu/placement/chem.placement.php#chemprep)

# Receiving College Credit From Other Schools

## College Transcripts

If you have attended another accredited community college or university in the United States and would like to receive credit for your coursework please follow the steps below:

1. Request your official college transcripts be sent to Foothill College Admissions and Records Department.
2. Set up a Counseling appointment to discuss general education, major or pre-requisite applicability.
3. Once you have completed 12 units at Foothill College, complete a “Request for Transcript Evaluation” form located in the Counseling Division room 8302 or download at: [www.foothill.edu/reg/forms/request-transcript-eval.pdf](http://www.foothill.edu/reg/forms/request-transcript-eval.pdf)

## Advance Placement Exams

If you have earned a score of 3, 4 or 5 on an Advanced Placement Exam (AP) and would like to receive credit, please follow the steps below:

1. Request your official AP scores from College Board at: <https://apstudent.collegeboard.org/home> and send an official report to Foothill College Admissions and Records Department.
2. Refer to the Foothill College Course Catalog for general education credit and usage of AP exams. Local AP credit will vary based on the exam and score.
3. Consult with your Foothill College Counselor and discuss how AP credits will fit into your educational plan for an Associates Degree or Transfer.

## Pre-Requisites

If you would like to use coursework from another community college or university to satisfy and clear pre-requisites, you must submit a Prerequisite Clearance Form located at:

[www.foothill.edu/reg/forms/prerequisite-clearance.pdf](http://www.foothill.edu/reg/forms/prerequisite-clearance.pdf)

# Orientation

## *Welcome to Foothill College...*

In order to receive priority registration, students are required to attend a New Student Orientation. The orientation helps build a solid foundation for your academic success. We offer orientation in two different formats: CNSL 5, and Go2Orientation.

### ***CNSL 5***

CNSL 5- Introduction to College is a 1-unit class and it is offered every quarter. ***We highly recommend students to register for this class to meet the orientation requirement.***

The class is offered via face-to-face or online. This class covers all the important and relevant information for every new college student. Topics include: Academic Policies & Resources, Student Services, General Education Patterns, Transfer Process and Career Programs. In addition, students will complete a one-year Educational Plan outlining courses needed to achieve their identified academic goal.

### ***GO2Orientation***

You also have the option of completing an online student orientation offered through *Go2Orientation* located on your student portal under the student's tab. *Go2Orientation* provides students with an orientation video and a questionnaire.

# Counseling

## *Our Mission...*

The mission of the Counseling Division is to help students make appropriate and successful educational decisions, set achievable and realistic goals, adjust to changing roles in a global society and resolve academic, transfer and career concerns that can interfere with the ability to succeed in their college experience.

## *Services*

The primary goal of the Counseling Division is to provide opportunities for you to clarify your personal goals and values. Our counselors are committed to your academic success and deliver a range of counseling services. Students can make a Counseling appointment through the following web link: [www.foothill.edu/counseling/counselappt.php](http://www.foothill.edu/counseling/counselappt.php)

### *Academic Counseling*

- Explore majors, educational choices and set academic goals
- Provide up to date information on institutional and transfer requirements
- Develop a Student Educational Plan (SEP) for certificate, graduation and/or transfer
- Address academic and progress probation
- Provide referrals to other support services on campus
- IGETC and CSU GE certification eligibility

### *Career Counseling*

- Help explore career options and paths
- Provide career exploration resources
- Offer career exploration and college success courses

### *Personal Counseling*

- Offer support in a safe, non-judgmental space
- Address personal issues affecting students' college success
- Provide referrals to on-campus and community resources as needed

INDEPENDENT CALIFORNIA COLLEGES AND UNIVERSITIES

# Community College Pathways

The California Community College system consists of 113 community colleges. Students in California Community Colleges have the opportunity to pursue associate degrees, associate degree transfer, baccalaureate degrees, transfer preparation, short-term training certificates, basic skills education and apprenticeships

## Associates Degrees

An associate's degree is generally a two-year program awarded by community colleges, technical colleges, or vocational schools. The degrees offered at Foothill College require students to complete a minimum of 90-degree applicable units. For a list of Associates degrees offered at Foothill College, visit the following website: [www.foothill.edu/programs/](http://www.foothill.edu/programs/)

## Associate Degree Transfer

An Associate Degree Transfer (ADT) was specifically designed for students transferring to a California State University. This degree requires a minimum of 90 transferable quarter units to include coursework in general education and major preparation. Students obtaining an ADT are guaranteed admission at junior standing and will need to complete an additional 90-quarter/60 semester units upon transfer to earn a bachelor's degree. For additional information and a list of ADTs' offered at Foothill College, visit the following website: [www.foothill.edu/adt/](http://www.foothill.edu/adt/)

## Baccalaureate Degree

In response to recent legislation (SB 850), the California Community College system has created a pilot program to offer bachelor's degrees. A limited number of California Community Colleges currently offer, or are in the process of creating a bachelor's degree. For updated information, as well as program requirements, students are advised to check with their local college counseling office.

## Transfer Preparation

Students can complete their lower division general education and major preparation requirements and successfully transfer to a four-year college or university such as a UC, CSU, private or out-of-state.

## Short Term Training Certificates

Short-term training certificates typically last less than two years. Certificates do not require students to complete any general education pattern. Short-term certificates help students find a job, get a promotion, or earn a higher income.

## Basic Skills Education

Community Colleges also offer courses and support programs in English, math, reading, and English as a Second Language (ESL). These courses and programs offer students the necessary support needed in order to advance on to college level coursework.

## Apprenticeships

An apprenticeship program combines on-the-job training with academic instruction in a chosen trade. For a list of apprenticeship programs offered at Foothill College, visit the following website: [www.foothill.edu/apprenticeships/](http://www.foothill.edu/apprenticeships/)

# General Education Comparison

## Foothill College GE Pattern

This is the pattern followed by students planning to earn a local A.S. or A.A. degree from Foothill College. This pattern is not appropriate for students pursuing an ADT. Students planning to earn an ADT must complete either the IGETC or CSU general education pattern.

## CSU GE Pattern

This pattern is recommended for community college students who plan to transfer to a California State University (CSU) and want to complete lower division coursework for general education. Students can also obtain certification for partial completion of the general education pattern.

## IGETC GE Pattern

This pattern is recommended for community college students who are considering applying to both a University of California (UC) and California State University (CSU). It will satisfy general education requirements for both systems. The entire pattern should be completed before transferring in order to obtain a full certification.

## Campus Specific Plan

This pattern is recommended for community college students wanting to transfer to one specific UC campus or to a private college/university. Students should check the individual institution's website or catalog for General Education requirements.

### High Unit Majors

IGETC is not recommended for certain majors, including Engineering and Biological Sciences. See a counselor for additional details.

### IGETC School Exceptions

UC professional schools such as Revelle and Eleanor Roosevelt at UCSD, the School of Business at UC Berkeley, and the Colleges of Engineering at UC Riverside, UC Santa Barbara, UC Berkeley and UCLA will not accept IGETC.

NOTE: This GE pattern is only appropriate for students pursuing a Foothill College Associate in Arts or Associate in Science degree. It is not appropriate for students pursuing an Associate Degree for Transfer (AA-T or AS-T). Students planning to earn an AA-T or AS-T must complete either the IGETC or CSU-Breadth general education pattern. There are significant differences between the three patterns. Students are strongly advised to meet with a counselor to determine which pattern will best meet their goals.

# Strategies for Finding Course Requirements for Out-of-State Universities

Many Foothill College students successfully transfer to out-of-state colleges and universities. The transfer process will vary for each school. It is important that you research each school for the appropriate plan of action to follow. Please follow the steps provided below to help you with the process.

## Step 1:

Identify the out-of-state schools that you are interested in transferring to.

## Step 2:

Using the college's website, locate the following information:

- Search for the transfer admission requirements for an out of state student and locate the minimum number of units and GPA required for acceptance.
- Search for the general education requirements. Many institutions accept IGETC and/or CSU GE in lieu of their GE pattern.
- Search for the requirements needed for your selected major.
- Search for additional information such as application deadlines, SAT, ACT, TOEFL, letters of recommendations, essays or interviews.

## Step 3

Make sure to speak with a university representative for any additional information regarding your major, GE and/or the admission process. We recommend students visit the school when possible. This will allow students to establish a connection and ask any additional questions related to GE, major and/or admission criteria.

## Step 4

Set up a counseling appointment to help create an educational plan for the courses required for your chosen out-of-state school.

### *Additional Information/Options:*

**Western Undergraduate Exchange (WUE):** The Western Undergraduate Exchange (WUE) permits CA residents to attend colleges and universities for 150% of the resident fee. The minimum GPA required for participation may vary depending upon the institution. Visit the following link for additional details: [www.wiche.edu/wue](http://www.wiche.edu/wue)

**Historically Black Colleges & Universities (HBCU):** This Transfer Admission Agreement will allow students to transfer successfully from a California Community College to a partnered HBCU. Visit the following link for additional details: <http://extranet.cccco.edu/HBCUTransfer/Students.aspx>

# Selecting a College Major

## *What is a Major?*

In order to get a degree from Foothill College or any university you will need to declare a major. A college major is a concentrated area of study intended to help you acquire specialized knowledge about a particular subject.

## Steps for Selecting a Major:

### Self-Assessment

- Select a career that aligns with your values, skills, abilities and life goals
- What do you enjoy doing?
- What academic classes do you like?
- What is important to you?
- What motivates you?
- What are you good at?

### Explore

- Make a list of majors that you are interested in pursuing
- Research the majors, utilizing web resources (see available resources below)
- Research what schools/universities offer your major
- Consider selecting general education courses in areas that you are interested in exploring further
- Talk with professionals in the career areas you are pursuing

### Evaluate

- Narrow down your list to 3 possible majors
- Align your majors to your academic strengths, abilities, and values
- Evaluate the pros and cons for each major

### Develop an Action Plan

- Be proactive when researching your major
- Plan an informational interview
- Get involved in extra-curricular activities, internships aligned with your major

### Act

- Meet with your counselor to discuss your options, and to create an educational plan to include general education and major preparation

# Pre-Professional Admission Requirements

## Recommended Preparation...

Students interested in health careers such as **Dentistry, Medicine, Pharmacy, Optometry and Veterinary** are required to complete a set of science pre-requisite coursework. In general students interested in a health profession will typically pursue a biological science or chemistry major, however students can select a different major and complete the required science pre-requisites.

The chart below provides students with a reference of science pre-requisite coursework required by most health career majors. Keep in mind that some schools might require additional coursework not listed below, we highly recommended students to research additional admission requirements by visiting the school's website and talking with an Admissions counselor.

Dentistry

Medicine

Pharmacy

Optometry

Veterinary

Sequence	Foothill Classes	Pre-requisites

# Immigration Information

## *International Office*

The International Office provides regular immigration advising, orientation and information regarding all regulations that may affect International Students in the United States.

## *F-1 Status*

U.S. Immigration regulations require F-1 students to register and complete 12 units for fall, winter & spring (summer is excluded). If you are not registered in 12 units or plan to withdraw below 12 units you will need to obtain authorization in advance. Failure to maintain 12 units without the proper authorization is a very serious violation of immigration regulations. Students will be reported to the Department of Homeland Security and will lose lawful F-1 status.

Immigration regulations permit exceptions to the full-time registration requirement in very limited circumstances (circumstances may be discussed and explained by your International Counselor). To be considered for reduced enrollment, please follow the steps below:

- Meet with an International Counselor located in the Counseling Center and obtain a written recommendation for less than 12 units. Visit the following link for a list of international counselors: [www.foothill.edu/counseling/counselors.php](http://www.foothill.edu/counseling/counselors.php)
- After obtaining the written recommendation from your International Counselor, you must take the form to the International office to obtain authorization for less than 12 units from an Immigration Advisor.

## *What Grades count toward the 12 units?*

Classes in which you receive an A, B, C, D, F, P, or NP count toward the 12-unit full time requirement. Units in classes in which you received a Drop, Withdrawal, Incomplete or Audit do not count toward the 12-unit requirement. Please see an international counselor immediately if these issues arise.

### **International Student Office**

[www.foothill.edu/international/about\\_mission.php](http://www.foothill.edu/international/about_mission.php)

Located in room #1933

Hours of Operation:

Monday - Thursday 9:00 a.m. - 5:00 p.m.

Friday 9:00 a.m. - 4:00 p.m.

(650) 949-7293

## *Full-Time Enrollment & On-line Coursework*

Immigration regulations limit the number of online courses international students may count towards their full-time requirement. Students may count only **ONE** on-line course towards their 12-unit full time requirement. Students may register for additional online classes once this requirement has been met.

### **Examples meeting full-time requirement:**

1. Student enrolls in 7 units of face-to-face lecture classes and one 5-unit online class.
2. Student enrolls in 8 units of face-to-face lecture classes and one 4-unit online class.

### **Examples NOT meeting full-time requirement:**

1. Student enrolls in 5 units of face-to-face lecture classes and two online classes totaling 7 units.
2. Student is enrolled in 8 units of face-to-face lecture classes and two online classes totaling 4 units.

**Note:** Hybrid classes (taught partially on-campus and partially on-line) are considered to be “face-to-face” lecture classes.

## *I-20*

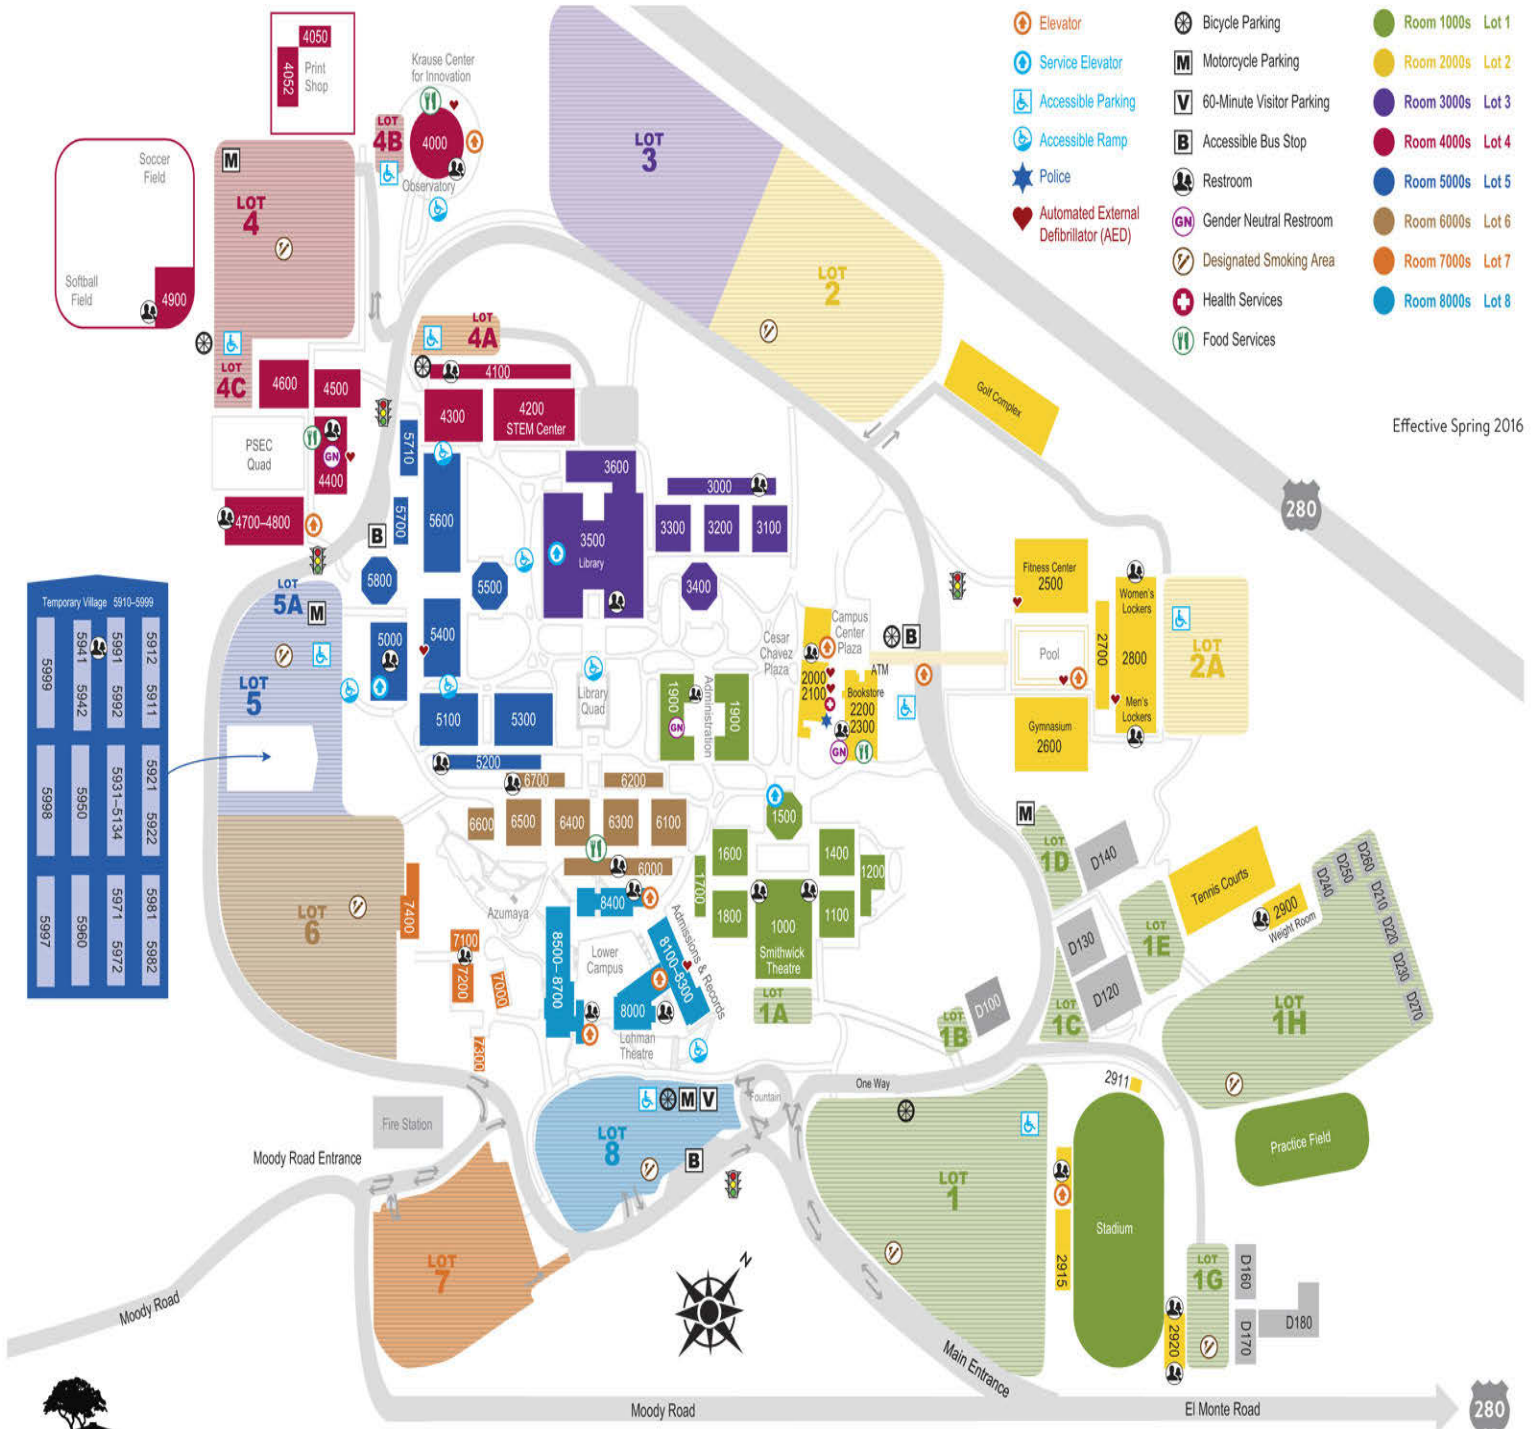

***Please do not allow your I-20 to expire!*** If your I-20 expires you will be in violation of immigration regulations for F-1 students. International students must request and extend their I-20 at least 3-4 months before it expires. If your I-20 has expired you must meet with an Immigration Advisor immediately to discuss the necessary steps you will need to take to be in compliance.

### **Authorization requires two steps:**

- Meet with an International Counselor located in the Counseling Center and obtain a written recommendation for permission to extend your I-20. Visit the following link for a list of international counselors: [www.foothill.edu/counseling/counselors.php](http://www.foothill.edu/counseling/counselors.php)
- After obtaining the written recommendation from your international counselor, take that form to the International Office to obtain an authorization from an Immigration Advisor.
