12:30	Any new curriculum?
12:40	Program Review discussion
12:45	Budget – any requests?
12:55	anything for good of order?

Minutes:

Katy, Jeff, Don, Owen, Rita, and Debbie were in attendance.

The first agenda item was the review and approval for the Proposal of the Adaptive Fitness Trainer Certificate moving forward. All in attendance approved the proposal.

Next, Debbie Lee asked if the DL form for KINS 5 has been completed. She said the form must be completed and approved for the class to be offered winter quarter. It was agreed that this needs to be done ASAP so that it is an agenda at the College Curriculum Committee meeting next week. Jeff said he would contact Kelly to make sure we receive it by tomorrow via email and approve and forward to Mary Vanatta by Friday.

Don gave an update on the Curriculum Committee. Most the discussion has been about how to get back on track, with consideration given to the handbook.

Next agenda item was Program Review. Katy discussed the different KINS classes and the programs they are associated with. It was agreed that the General KINS PR will include the following KINS classes: 1, 2,3, 4, 8A, 8B, 9, 10, 51, 54. And that the other KINS classes will be part of the respective PR's, Sports Medicine, Personal Training and eventually Adapted Fitness Trainer.

Next the conversation moved into a discussion of the Kinesiology Degree for Transfer. It was pointed out that the only KINS class included in this degree is KINS 1. Katy asked Debbie if there was flexibility to make changes or additions. Debbie acknowledged that this is a state approved program and therefore changes cannot be made.

This was followed by the discussion of Kinesiology and where we could be included in Meta Majors.

Approval of DL by email from Division: The Division curriculum committee approved the DL form for KINS 5 on Nov. 11, 2021.
