## 2016 Facilities Master Plan

# Facilities Planning Principles

A set of facilities planning principles was developed during the process that supports the Educational Master Plan goals and addresses identified issues into a series of facilities and site recommendations.

#### EQUITY

#### **Promote Student Success**

- Reduce barriers and facilitate equitable access to programs and support services
- Develop indoor and outdoor spaces to encourage collaboration and support student engagement
- Develop campus as a welcoming and nurturing environment

#### COMMUNITY

#### Improve Campus Connectivity

- · Provide safe and universally accessible connections
- Enhance physical connections (pedestrian, bike, vehicular, transit) with the community and other campuses
- Utilize technology to enhance and create more dynamic learning environments, tools, and equity for students, faculty, and staff

#### **Enhance Community Engagement**

- Develop programming and improve facilities to enhance a sense of community
- Improve campus environment to welcome the community

#### Improve Security and Safety

- Develop and implement districtwide standards for security equipment and protocol
- Improve safety and security throughout campus, including lighting, pathways and parking areas

#### RESOURCES

#### Right-Size Facilities to Address Program Needs

- · Align the projected inventory with state guidelines
- Position Foothill College to maximize state and local funding

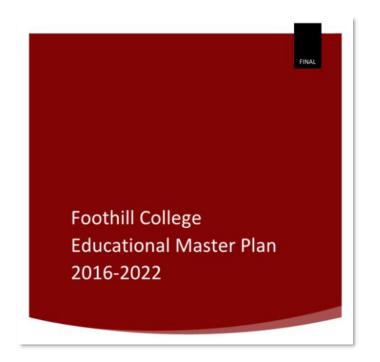

#### Support Stewardship of Resources

- · Engage campus community in sustainability awareness
- · Involve students in all aspects of sustainability
- Monitor/measure energy consumption
- Promote physical activity and other health-related programs
- Prioritize well-being, health and comfort in design of facilities

#### Improve Efficiency of Facilities

- Improve facilities to support program needs
- · Replace temporary and inefficient facilities
- Improve functional zoning and operational efficiencies
- Develop flexible, multipurpose facilities to adapt over time
