Owl Scholars/Starfish Referral system Guide

The Owl Scholars Program is a student support service on campus designed to help students get connected to the services they need. As the primary point of contact for our students, Faculty serve a crucial role in identifying which students would benefit from this support. Once identified, Faculty can use the Starfish platform to refer students to the Owl Scholars Program, this guide will help faculty determine what kind of referral to utilize.

These are the Common areas of need that a Faculty can refer a student for help:
