The division approved the following changes unanimously via an online vote:

| Course # | Course Title | Action(s) |
|-----------------|---|--|
| | Paramedic Curriculum Sheet Change for 2016-2017 | Update the A&P prerequisite for the Paramedic Curriculum sheet for 2016-2017. Currently the requirement on the sheet is BIOL 40A, 40B and 40C. The program asked to change it back to the 2015-2016 requirement of BIOL 40A or 1 semester of A&P. The reason for this change is to provide a specific timeframe for implementing this requirement. The program would advertise it on the website for a minimum of 1 year so as not to impact the number of students applying. |
| EMT 50A | Emergency Medical Technician Simulation Lab I | New course proposed to be a corequisite to EMT 50. This course would provide hands on skills related to content taught in the didactic course. Both the new course form and the content review form were reviewed by the division. |
| EMT 51A | Emergency Medical Technician Simulation Lab I | New course proposed to be a corequisite to EMT 51. This course would provide hands on skills related to content taught in the didactic course. Both the new course form and the content review form were reviewed by the division. |

***Actions** may include but are not limited to: general updates, substantial changes, changes for C-ID, updates to meet GE areas, number change, add distance learning addendum, etc.*
