### **NOT approved:**

- APSM – 73 new course proposals. These courses were input late in the week and include both non-substantial and substantial changes. Little explanation of where these courses fit in the curriculum was provided. As such the BSS CC could not approved the courses.

While BSS faculty expressed admiration for what Apprenticeship does, there was continued discussion regarding the inappropriateness of Apprenticeship in the BSS division. This does not work for either party. As such, the BSS CCC recommends that Apprenticeship speak directly with administration to determine how they can best be represented and where they will best be housed of Fall 2016.

Announced: Bill Ziegenhorn will chair BSS CCC meetings for the 2016-17 Academic year. Brian Evans can represent BSS at the college level meetings in Fall and Winter.
