

**FOOTHILL COLLEGE**  
**College Curriculum Committee**  
**Division Curriculum Committee Meeting Report**

**Division: PSME**

**Date of Meeting: 3-9-2015**

**Attendees: Armstrong, Knobel, Francisco**

<b>Agenda Item</b>	<b>Action(s)</b>
<i>GE Applications</i>	<i>Considered new courses that may be suitable as GE : CHEM 9 would be a good match. Victor Tam is faculty author and has been contacted. Sent email to division reminding them that any new applications must be completed in order for approval by June deadline.</i>
<i>AP credit toward GE</i>	<i>Crafted email to division explaining the proposed policy to accept AP scores of <math>\geq 3</math> for GE fulfillment. Clarified the separation of GE policy from majors policy and explained existing UC/CSU policy. Solicited feedback.</i>
<i>MATH 57</i>	<i>Followed up with Cori on proposed number change of MATH 57 (STATWAY) to MATH 17 given recent UC approval. Cori explained that CSU's are now re-examining this course and have expressed disapproval. The number change will not happen right away. Unclear how to proceed when UC accepts a course but CSU does not.</i>
<i>CHEM ADT</i>	<i>Discussed recent meeting with Chemistry department at which it was decided that we would not apply for ADT until we hear more about which CSU's are accepting the CHEM ADT's given the fact that the unit limit would undermine preparation for students bound for UC's (who form a majority of our transfer students)</i>  <i>In recent meeting with Biology dept, it was shared that the Bio department faces similar issues in that the Biology TMC may not be met with current course offerings.</i>  <i>This problem will be revisited.</i>
<i>ASTR 10B/10BH</i>	<i>Marnie has responded to Andy's email requesting help with enrollment issue. The problem (related to High School students being warned not to enroll) is a Banner issue and not a curriculum issue and so we are unable to offer any real assistance.</i>

**Other Topics Discussed:**

Student Equity- discussed some current proposals for action and their limitations when applied late in a student's development/ academic career.

***Actions*** may include but are not limited to: general updates, substantial changes, changes for C-ID, updates to meet GE areas, number change, add distance learning addendum, etc.
